

Yawns

Frightened Rabbit

Little riff bit (main notes only):

```
|-----0-----0-----|
|---1-3-----1--1-3-----1---|
|-----0-2-----0-2-----|
|-----2-----|
|-----|
|-----|
```

Or you can play the chords like this:

```
|---0-0-0--0--0--0-0--0--0--0--|
|---1-3-1--1--1--1-1--1--1--1--|
|---0-0-0--2--0--0-0--0--2--0--|
|---2-0-2--3--2--2-0--2--3--2--|
|---3-2-3--3--3--3-2--3--3--3--|
|---3-----3-----|
```

Which are basically C, G and F and so I shall label them as such!

Intro: riff/chord version

C
speak.

C
their feet.

Interlude (kinda thing):

Riff bit/chord version

Chorus/outro:

F C G

She yawns,

F C G

And he yawns as well.

G

He yawns because he s tired,

C F G C

The girl that he slept with sleeps too soon at night.

G

When she yawns she tells the truth,

C F G C

That the boy she adores is just a man she s contracted to.

G

But what of you and me?

C F G C

Admit that you re bored, you need more electricity.

G

I ve had enough of love,

C F G C

It just ends with two yawns in unison.

G C F G C

G C F G C

I don t think it s quite right- I think I have the right chords, but some might not be in the right place, it s quite hard to hear, but it sounds OK to me. Any corrections, lemme know!
