

Finally See
From Ashes to New

[Intro]

Dm Bb C

[Verse 1]

Dm

I stare down at the ground that s under me

Bb C

What has become of me? My life is crumbling

Dm

It s almost like you knew how to fuck with me

Bb C

You ve taken enough from me, you try to ruin me

[Pre-Chorus]

Dm

I m feeling like I m sliding below like there s no hope

Bb

I m dying alone and I m so low

C

I m trying to show another side of me I hide, denying to know

Dm

I feel your knife, it s slicing my throat like a chokehold

Bb

You re tightening the rope as I grow cold

C

I m fighting to hold, another part of me has died, I m finding control

[Chorus]

Dm

Every time you say you don t believe in me

Bb C

It doesn t mean a thing, I won t go quietly

Dm

Every time you say that nothing lies beneath

Bb C

Look and you ll finally see what s inside of me

[Verse 2]

Dm

I thought that bleeding would be the death of me

Make something less of me, it was stressing me
