

Travelers Song
Fruit Bats

Traveler s Song (Fruit Bats)....yes.

D **A** **G**
Out in the world, when your only friend is a traveler s song
D **A** **G**
When your time, and your money, and your best girl are gone
C **G** **A**
You can t go back if the road keeps moving along
C **G** **A**
Can t go back if the road keeps moving along

(Same chord pattern for the rest)

Cause someday a tremor ll pull your cities into the sea
You can t win a battle a fight with the forces of gravity
You can t stand up if gravities dragin ya down
Can t stand up if gravities dragin ya down

Down in the trench when you find yourself in the tiger s jaws
And the fire in your belly and piss and vinegers gone
God s no better than you, just bigger is all
God s no better than me, just bigger is all
God s no better than us, just bigger is all
