Bad Day

Iâ€™ve seen some pretty messed up versions of this song, but this one is very accurate;  
I went through it while I played the CD.

(start the song in A)

**A**  
I had a bad day again  
**F#m**  
She said I would not understand  
**D Dm**  
She left a note and said I m sorry I  
**A**  
I had a bad day again

(then he mutes the strings and says the verse: start strumming as soon as he says lace)

**A**  
she spilled her coffee,broke her shoe lace  
**F#m**  
smeared the lipstick on her face  
**D Dm**  
slammed the door and said I m sorry I  
**A**  
had a bad day again

(come in hard)  
**D Em F#m**  
and she swears thereâ€™s nothing wrong  
**D Em F#m**  
I hear her play that same old song  
**D Bm**  
she puts me off and puts me on

(play a little softer)  
**A**  
I had a bad day again  
**F#m**  
she said I would not understand

**D       Dm**

left a note and said I m sorry I

(Play softer towards the end and then take a semi-hard strum)

**A**

had a bad day again

(strum)
