Bad Day

Tabbed by - Trucker " Gabe Contreras (bigtrux86@hotmail.com)

I've seen some pretty messed up versions of this song, but this one is very accurate;

I went through it while I played the CD.

(start the song in A)

A

I had a bad day again

F#m

She said I would not understand

D Dm

She left a note and said I m sorry I

A

I had a bad day again

(then he mutes the strings and says the verse: start strumming as soon as he says lace)

A

she spilled her coffee,broke her shoe lace

F#m

smearred the lipstick on her face

D Dm

slammed the door and said I m sorry I

A

had a bad day again

(come in hard)

D

Em F#m

and she swears there's nothing wrong

D

Em F#m

I hear her play that same old song

D

Bm

she puts me off and puts me on

(play a little softer)

A

I had a bad day again

F#m

she said I would not understand

D **Dm**

left a note and said I m sorry I

(Play softer towards the end and then take a semi-hard strum)

A

had a bad day again

(strum)
