Fuel: Hemorrhage

Verse: **Am** " **G** " **F** " **G**

Chorus: **F** " **C** " **G** - **E** 7

Capo 1

Memories are just where you laid them  
Dragging waters til the depths give up their dead  
What did you expect to find?  
Was it something you left behind?  
Don't you remember everything I said, when I said

Don't fa-all away  
And leave me to myself  
Don't fa-all away  
And leave love bleeding in my hands  
In my hands again  
Leave love bleeding in my hands  
In my hands  
Love lies bleeding

Oh hold me now, I feel contagious  
Am I the only place that you've left to go?  
She cries that life is like, some movie black and white  
Dead actors, vacant lies  
Over and over and over again she cries
