Hello all,
 This is a very simple song, but quite cool, so I thought I d post it.

BLUEPRINT

Intro:

(repeat 4 times)

-----	-----	-----
-----	-----	-----
-----	-----	-----
-12-12-12-12-12-12-12-12-	-12-12-12-12-12-12-12-12-	-10-10-10-10-10-10-10-10-
-10-10-10-10-10-10-10-10-	-0--0--0--0--0--0--0--0--	-12-12-12-12-12-12-12-12-
-----	-----	-----
-----	-----	-----
-----	-----	-----
-10-10-10-10-10-10-10-10-		
-10-10-10-10-10-10-10-10-		

throughout the next part,

I m not playing with you, I m not playing with you, etc... , the guitar plays this B chord:

```
|---
|---
|-4-
|---
|-2-
|---
```

When the verse gets to But you still come around... , the guitar plays a

part that notewise is exactly the same as the intro. Listen to the tape to get down the rhythm. The words are as follows:

But you still come around
In fact I invite you down
Maybe together
We can wipe that smile off your face
Cuz what a difference
What a difference
What a difference
A little difference would make

We ll draw a blueprint
It must be easy
Its just a matter
of knowing when to say no or yes

At this point, all the other instruments stop, and the guitar plays eighth notes of that same B chord for 4 measures, then all the other instruments come in again, and the guitar continues to play the B chord through:

Frustrating, frustrating, frustrating
Always waiting for the bigger axe to fall.

Another tacet for the other instruments, this time only 1 measure long, while the guitar plays an E chord thus:

```
-----|  
-----|  
--/9-9-9-9-9-9-9-9-|  
-----|  
--/7-7-7-7-7-7-7-7-|  
-----|
```

Then back to the B chord again

An emotional game
I can t find my way to play

one more measure of B s, then 4 measures of E s until the next part.
Throughout
this part, simply play bar chords.

E E B C D E
Never mind what s been selling, it s what you re buying
G A G
And recieving undefiled

Go through this four times, then back to that first B chord for 2 measures, then
play the previous part again in double time:

E E B C C D E E G A A A A G
nevermind nevermind nevermind not no way to
play...

Play this four times, then go back to B for 2 measures, and then the 4 measures of E, then the song ends.

Have fun. I'd be happy to figure out anything else by this band if you'd like.
