F            A            Dm            Bb  
Out here i can barely see my breath  
F            A            Dm            Bb  
Surrounded by jealousy and death  
F            A            Dm            Bb  
I can t be reached, only had one call  
F            A            Dm            Bb  
Dragged underneath, separate from you all

F            F            C            C

F            A            Dm            Bb  
This time i ve lost my own return  
F            A            Dm            Bb  
In spite of everything i ve learned  
F            A            Dm            Bb  
I hid my tracks, spit out all my air  
F            A            Dm            Bb  
Slipped into cracks, stripped of all my cares

F            F            C            C

F            A            Dm            Bb  
I m so tired sheep are counting me  
F            A            Dm            Bb  
No more struggle, no more energy  
F            A            Dm            Bb  
No more patient and you can write that down  
F            A            Dm            Bb  
It s all too crazy and i m not sticking round
