Out here i can barely see my breath
A C# F#m D
Surrounded by jealousy and death
A C# F#m D
I can t be reached, only had one call
A C# F#m D
Dragged underneath, separate from you all

A C# F#m D
This time i ve lost my own return
A C# F#m D
In spite of everything i ve learned
A C# F#m D
I hid my tracks, spit out all my air
A C# F#m D
Slipped into cracks, stripped of all my cares

A A E E

A C# F#m D
I m so tired sheep are counting me
A C# F#m D
No more struggle, no more energy
A C# F#m D
No more patient and you can write that down
A C# F#m D
It s all too crazy and i m not sticking round
