Waiting Room
Fugazi

The other versions were okay, but the chorus was completely screwed up and the intro was
bit simplified. So here s my version. I m certain it s a hundred percent correct.

KEY: h = hammer on
     * = ring

Intro:
```
G-----2-------2--------------|
D---2---4-4-4---4------------|
A-4--------------4-4-4-4-4-4-|   X1
E---------------------------|

G------------2--------------|
D-2-h3-h4-4-4---4------------|
A----------------4-4-4-4-4-4-|   X3
E---------------------------|
```

Verse (Most of the time it s all 4s, but sometimes he throws that G2 in there instead of
fifth D4):
```
G---------(2)----------------------------|
D-4-4-4-4----(4)-4-4-4-------------------|
A-----------------------4-4-4-4-4-4-4-4-|
E---------------------------------------|
```

Chorus:
```
G-1-1-1---------------------|
D--------------4-4-4---------|
A-------2-2-2-2-------2-2-2-2-|
E--------------------------|

G------------------------------|
D-4-4-4-4-4-4-4-4---------------|
A----------------4-4-4-4-4-4-4-4-|   X2
E------------------------------|
```

(The D2 and D3 are synchronized with the singer saying can t and get ,
respectively.
should be synchronized with the first D4 of the verse bass line. So he says can t get
and on up , you should be playing the verse again.)
```
G------------------------------|
D-2*****-----2-3----------------|
```

```
A--------------------------------|
E--------------------------------|
```

The chorus repeats itself a bit (strangely) at the end. Just listen to it and
you ll be able
to get it.
