Fun - We Are Young

**Notes\*:**

-The Gm and Am at the end of verse 1 and the outro are just the triads of Gm and Am the low note of the chord isn't necessarily an A or a G.

-I would only play the slash chords if your either trying to be super accurate or playing piano. Otherwise this isn't ease to sing and play

-The Guitar during verse two plays power chords rather than the whole chord.

-To make the song even easier you could tranpose the chords down 5 half-steps and play with a capo on the fifth fret.
