Dm

I would have carried you as far as the sky

(**Bb, Dm**)

Whatever has us now

I can't forget somehow

For to forget a love is to regret

And what is love is regret

And what isn't love is a test

Chorus: (**Eb Bb Dm**)

And if things had changed

I would have buried you deep in my heart

And if things had stayed the same

I would have carried you as far as the sky

(**Bb, Dm**)

Do you believe in love?

Do you believe in love?

Hold your tongue

Hold your tongue

Do you believe in love?

Do you believe in love?

Hold your tongue

Hold your tongue

Do you believe in love?

Do you believe in love?

Hold your tongue

Hold your tongue

Cause if things had changed

I would have buried you deep in my heart

And if things had stayed the same

I would have carried you as far as the sky

Far far away

Whatever has us now

I can't forget somehow

For to forget a love is to regret
