

## Firebird

Fyfe Dangerfield

This lullaby was written, appropriately enough, on a late night where Fyfe couldn't sleep for the tune waltzing around his head. The fiendishly unexpected Am in the verse (instead of something sane, like F or C) gives it its peculiar quality.

**Gm Bb Am D**  
Firebird come into me tonight  
Stay awake with me through this dark night  
We can ride til the morning light

**Eb D Bb C**  
On a bicycle made for two  
**Eb D Gm**  
On a bicycle made for two

**Gm Bb Am D**  
Hush for the baby he's asleep in the hay  
And if we should wake him we'll be turned stony grey  
Silence is golden and it's ours today

**Eb D Bb C**  
On a bicycle made for two  
**Eb D Gm**  
On a bicycle made for two

**Eb**  
Some come higher, some come low  
**Bb**  
Some come demon-faced, some come slow  
**Eb C**  
Some come beautiful, helpless and warm  
**F Cm Eb D**  
like the first drop of water after the storm

Instr - verse chords

Firebird stay with me tonight  
All the world is asleep  
The world is alright  
And as long as you're mine we can conquer light  
On a bicycle made for two  
On a bicycle made for two
