Are you the reason that my skies went from blue to grey?

When you heard what I did, my bridges were burned

And now I m stuck on the wrong side, it s gonna be a long night

All the fine girls in the world, they don t mean nothing now

Chorus:

D A D

Cause women come and women go

A D

But for something real, you gotta take it slow

A E

I ain t too smart, but one thing I know is

D  
Nobody wanna live alone

E F#m

Say you love me one more time

C#m D

Say you need me to get by

A E

Say you love me and I ll be just fine

I ll be just fine (3x)

I ll be just fine if you give me just half of your time

F#m C#m

Cause your kiss is so delicious like this glass of fine wine

D A

I m a drink it up, see I can t get me enough

E  
And when you re gone, I ll write you letters just to send you my love

**A E**

And it ain t cool what I did, but I made a mistake

**F#m C#m**

Then made a fool of myself when I let your heart break

**D A**

I m laying with this girl, but I don t know her name

**E**

And I don t love her half as much as this guitar that I m playing

(Chorus)            **D A D A D A E**  
**D E F#m C#m D A E**

**A E**

I ll be just fine when I know that you re mine again

**F#m C#m**

(I ll be just fine) Lets do this thing one more time again

**D A**

(I ll be just fine) Cause I ll never feel fly again

**E**

Til we re walking down the street in time again

**A E**

(I ll be just fine) Won t you throw me a sign again

**F#m C#m**

(I ll be just fine) I ll write your name on my rhyme again

I m on a corner and I m begging for change

Like a bum out of luck, I m holding a sign that says...
