

**Honestly Encore**  
**Gabbie Hanna**

**Em** **G**  
Cross my heart and hope to die  
**C** **Am**  
You never cross my fucking mind

**Em** **G**  
Do you know what your little lies do?  
**C** **Am**  
You know what I had to fight through  
**Em** **G**  
Nothing that you say is mildly true  
**C** **Am**  
Spit deceit through shifty smiles

**Em** **G**  
Two faces youâ€™ve had for a while  
**C** **Am**  
You act like such a fucking child  
**Em**  
Who are you now?

**G** **Am**  
Youâ€™re so hostile to me  
**C** **Em** **G**  
Iâ€™m feeling homicidal, you better run and try and hide

**C** **Am**  
Ooh, I was livin in denial  
**Em** **G**  
Through all this time you had me riled up

**C** **Am**  
All the shit has finally piled up  
**Em** **G**  
There s no chance of reconciling us  
**C** **Am**  
With the falsehoods I ve been filing away  
**Em** **G**  
For months, youâ€™ve made these stories up  
**C** **Am**  
Sick from the untruths youâ€™re throwing up  
**Em** **G**  
Had me thinkinâ€™ I was crazy but  
**C** **Am** **Em**  
Turns out Iâ€™m your favorite thing to discuss

**G**

You keep on talking, shut it up

**C** **Am**

You keep rubbing salt into the cut

**Em** **G**

Broke the cycle, need to reconstruct

**C** **Am**

Youâ€™re no use to me, Iâ€™m giving up

**Em** **G** **C** **Am**

Baby youâ€™re a loser and Iâ€™m ashamed to say I ever knew ya
