

Honestly Encore
Gabbie Hanna

Em **G**
Cross my heart and hope to die
C **Am**
You never cross my fucking mind

Em **G**
Do you know what your little lies do?
C **Am**
You know what I had to fight through

Em **G**
Nothing that you say is mildly true
C **Am**
Spit deceit through shifty smiles

Em **G**
Two faces youâ€™ve had for a while
C **Am**
You act like such a fucking child

Em
Who are you now?

G **Am**
Youâ€™re so hostile to me
C **Em** **G**
Iâ€™m feeling homicidal, you better run and try and hide

C **Am**
Ooh, I was livin in denial
Em **G**
Through all this time you had me riled up

C **Am**
All the shit has finally piled up
Em **G**
There s no chance of reconciling us
C **Am**
With the falsehoods I ve been filing away
Em **G**
For months, youâ€™ve made these stories up
C **Am**
Sick from the untruths youâ€™re throwing up
Em **G**
Had me thinkinâ€™ I was crazy but
C **Am** **Em**
Turns out Iâ€™m your favorite thing to discuss

You keep on talking, shut it up

C **Am**

You keep rubbing salt into the cut

Em **G**

Broke the cycle, need to reconstruct

C **Am**

Youâ€™re no use to me, Iâ€™m giving up

Em **G** **C** **Am**

Baby youâ€™re a loser and Iâ€™m ashamed to say I ever knew ya

Em **G**

A user, taking all I d give ya

C **Am** **Em G**

C **Am** **Em G**

C **Am**
