

Tables

Gabe Bondoc

Hey. Checked out his fingers and used my ears to double check. I m sure these are correct.

Dmaj7 = x57675

Intro + Verse - 020220, 202200 - 2x233x
I know the case is closed
But still I take her calls
Hear bout the problems with her new man again.

020220, 202200 - 2x233x
Standin with phone in hand
She s barely whisperin
Doesn t like him, but somehow loves him

Dmaj7 x4545x **Fm7** 021200
Oh, how I wish that the tables were turned.
You d be mine, leave him burned
We d get what we deserve

Dmaj7 x4545x **Fm7** 021200
My heart, skips beats at the thought of a world
Where my world could mine and hers

020220, x4545x ->
But I don t think that I ll ever learn...

020220, 202200 - 2x233x
maybe I ll never solve this problem.
I ll never leave no matter how it breaks my heart.
I know the only way to solve this
But I can t bringmyself to stop thinking about you...

I can t stop thinking about you.

020220, 202200 - 2x233x
Oh, I m just so crazy bout you
I know your secrets
I know this ain t a good idea

My phone s got messages
That explain the mess he is
I should, but I just can t delete them

Pre-Chorus

Chorus
