[Verse 1]

A long gray silence

Had ambled down the coast

You drew in sand

All the things we'd miss the most

Little love, little love

G C

Little love, little love

C D

Little love, little love

G C

I hope we die here when we're old

We'll case the shore

Bm C

To record this holy place

White cliffs and starfish

Bm C

The tide like ruined lace

[Chorus]

Little love, little love

G C

Little love, little love

Little love, little love

I hope we die here when we're old

[Verse 3]

Em D
And when we're frail
Bm C
In our lawn chairs by the sea
Em D
All shrunken hands
Bm C
Twisted spines and halting speech
Em D
We'll listen for the long gray silence
Bm C
To gather and increase
Em D
When it does we'll close our eyes
Bm C
And rest in narrow peace

[Chorus]

C D
Little love, little love
G C
Little love, little love
C D
Little love, little love
G C
I hope we die here when we're old

C D
Little love, little love
G C
I hope we die here when we're old

[Outro]
