Show me that youre human, you wont break

Dm x4

Like a thief in the light, you cant hide, you cant hide from your shadow
Its the only thing you own

Dm

F
Cause were all broken

C
We all end up alone

Dm
Show me that youre human, you wont break
F C
Oh love your flaws and live for your mistakes

Dm F
Beautys on the surface wearing thin
C
Come closer show the marks upon your skin

Dm
Show me that youre human
F C
Show me that youre human

Dm
Youre a spark without flame
Im a desert in the rain,
F
Youre a mountain and Im a stepping stone

Dm
So walk away from your pride
Its a demon is disguise
F C
And it wont help you to calm the swelling tide

Oh
