G
A funny little heart in a funny little box,
G
Never take it out cause it might get dropped,
F **C** **Am C G**
Bottle up and hide, tell a little lie if you must,
Am C G
If you must.

G
See the crooked man trying to walk a crooked mile,
G
See the kooky lady with her crooked little smile,
F **C** **Am C G**
They see us as they pass and they don t know what to make of us,
Am C G
To make of us.

G
Cause you and I, you and I, you and I,
Dm **C** **G**
We see a stranger side of things.
G
You and I, you and I, you and I,
Dm **C** **G**
We dream a stranger kind of dream.
Dm **C** **G**
We walk a weirder side of the street.

G
Get an education, get a job, get a life,

G
A little white fence and the feeling you've arrived,
F **C** **Am C G**
Sit yourself down, take a look around and give up,
Am C G
And give up.

G
Save up all the pennies and then spend 'em in the shops,
G
Everybody's shopping(?) til the day they're gonna drop.
F **C** **Am C G**
They're from another planet and they don't know what to make of us,
Am C G
To make of us.

G
You and I, you and I, you and I,
Dm **C** **G**
We see a stranger side of things.
G
You and I, you and I, you and I,
Dm **C** **G**
We dream a stranger kind of dream.
Dm **C** **G C G**
We walk a weirder side of the street,
G C G
Of the street.

Em C G
Em C G

G
Stop what you're doing, take your eyes off the screen,
G
You've always had a feeling but you don't know what it means,
F **C** **Am C G**
Step across a line with an open mind and let go,
Am C G
And let go.

G
You and I, you and I, you and I,
Dm **C** **Am C G**
We see a stranger side of things.
G
You and I, you and I, you and I,
Dm **C** **Am C G**
We dream a stranger kind of dream.
Dm **C** **G**
We walk a weirder side of the street.
