

The Vulture Act I
Gallows

Title: The Vulture (Act I)
Artist: Gallows
Album: Grey Britain
Drop D tuning

This is just the acoustic part of The Vulture, I can do the other part later if someone me to.

I think they might be doing some kind of open tuning so the voicings aren't perfect, but I'm pretty positive the chords are correct.

Then you just repeat that same thing with a slightly different vocal melody.

During the

make sure to alternate between E and B

on the third string for every chord except the Dsus2.

That should do it. Enjoy!
