

**This One**  
**Galt Aureus**

D D/G  
no one listened there but men,  
D D/G  
and hearts rot still as they did then,  
D/E D/G D  
now I don t want to be the one to say it,  
D/E D/G D  
but maybe this one s too far gone for change

Interlude: D Dsus4 D

D D/G  
they listened peacefully to sins,  
D D/G  
between the static and the wind,  
D/E D/G D D/A  
and as another hundred sleep forever in the sea,  
D/G D D/A  
no one seems that beat up here to me.  
A Bm  
But this one s worth a fight,  
G D  
all chivalry aside,  
A Bm  
this one s worth the fight,  
G Gm D  
and running well...that s no way to die.  
D D/G  
we lock our cells from the inside,  
D D/G  
and shut the world out with our eyes.  
D/E D/G D D/A  
the only freedom we pursue is our free and swift decline.  
D/G D D/A  
can no one see this engine smoke but me?

A Bm  
But this one s worth a fight,  
G D  
all chivalry aside,  
A Bm  
this one s worth the fight,  
G Gm D  
and running well...that s no way to die.

A Bm  
But this one s worth a fight,  
G D

all chivalry aside,

**A** **Bm**  
this one s worth the fight,  
**G** **Gm** **D**  
and running well...that s no way to die.
