Verso 1:
I ve been feeling so frustrated
I ll never be as great as
I want to be
Everyone that I run into
             Em
The ones you always seem so into
What s wrong with me?
D
They all seem to know exactly
What it is they want, they pass me
They smile as they go
So I work at staying patient
Good things come to those that wait
Or so they say
```

Ideas die on the vine
And I feel like a fake

And I want to destroy
