```
                Am           Em
I am milk
                Am           Em
I am red hot kitchen
                Am           Em
And I am cool
                Am           Em
Cool as the deep blue ocean
                Am           Em
I am lost
                Am           Em
So I am cruel
                Am           Em
But I`d be love and sweetness
                Am
If I had you
```

Chorus
