

The Loophole
Garfunkel and Oates

Capo 3

[Verse 1]

D **G**
All my life I ve been good
D **A**
Do what my mom and dad and God say I should
D **G**
Go to church and Bible School
A **D**
To live by God s rule
Bm
So whatever people tell me
Bm **A**
That The Bible tells me
D
I will do
D **G**
Walk the halls at my school with my purity ring
Bm **E**
Unlike those other girls, I ve got my morals in check
D **G**
It was easy to do until I got a boyfriend
Bm **E**
And pardon my French, but he s cute as heck
D **G**
And I made a pact
D **G**
To keep my hymen intact
G **A**
And Jesus and I are tight
D **G**
Never learned about the birds and the bees
Bm **E**
I was taught to keep an aspirin in between my knees
D **G**
Cause The Bible says premarital sex is wrong
Bm **E**
But Jason says that guys can t wait that long
G **D**
I don t want to lose him
G **D**
To someone who ll do him
G **A**
I need to figure something out

D

G

Well there s a loophole in The Scripture that works really well

Bm

E

So I can get him off without going to hell

D

G

It s my Hail Mary, full of grace

Bm

E

In Jesus name we go to fifth base!

Bm

E

Oh thank you for making me holy

Bm

E

And thank you for giving me holes to choose from

G

A

And since I m not a godless whore

G

A

He ll have to come in the back door

Therefore

[Chorus]

D

G

Fuck me in the ass cause I love Jesus

Bm

G

A

The good Lord would want it that way

D

E

G

E

Get that sweet sensation a throbbing rationalization

G

A

It s just between you and me

G

A

D

Cause everyone knows it s the sex that God can t see

[Verse 2]

D

G

It s hard to be as pure as me

Bm

A

To resist the urge to lose my vaginal virginity

D

G

To wait until my marriage bed

Bm

A

To give my husband my unsullied maiden head

G

D

So take your cock out

G

D

Shove it in my ass

G

A

Fuck me until you come

G

D

Oops! I mean let s join our souls

G

D

And unite our bodies

G

A

And fly with the wings of God

D

G

Whatever you do, don t touch my clitoris

Bm

A

If you ring Satan s doorbell, God can t ignore this

D **G**
And no prophylactics when you put it in

Bm **E**
Cause birth control s for sluts and it s a sin

G **D**
I ve emptied my bowels

G **D**
And laid out the towels

G **A**
I m ready for romance

D **G**
Now I m praying to the Power that s the Highest

Bm **A**
But of all of my holes, this ones the driest

D **G**
And we can t procreate if we anal copulate

Bm **E**
And God is OK with sodomy, but only if you re straight

G **D**
And I m staying pure, no matter what

G **A**
So I m OK with everything butt

Everything butt

Everything butt

Whoa-oh

[Chorus]

D **G**
Fuck me in the ass cause I love Jesus

Bm **G** **A**
The good Lord would want it that way

D **E** **G** **E**
Get that sweet sensation a rock hard rationalization

G **A**
It s just between you and me

G **A** **D**
Cause everyone knows it s the sex that God can t see

[Verse 3]

Bm **E**
I do whatever The Bible tells me to

Bm **A**
Except for the parts that I choose to ignore

Bm **A**
Because they re unrealistic and inconvenient

Bm **E**
But the rest I live by for sure

G **A**
So let s not talk about how the Good Book bans shellfish, polyester and divorce

G **A**
And how it condones slavery and killing gays because those parts don t happen of course

E Let s cherry-pick the part about losing my cherry and (line up for ambiguities as omissions?) **G**

A **Bm**
And circumvent any real sacrifice, and still feel pious in my arbitrary parroted

E
positions

D **A** **Bm**
And don t you dare question my convictions

E **G**
And don t look closely at the contradictions

D **A** **Bm**
And just focus on the sacrificial crucifixion

E **G**
And have faith in its complete jurisdiction

E
As the only way to measure if you re good or not
And when you re in a debate, just say to "have faith".

A
Because when you re up against logic it s the only card you ve got

G
So close your eyes

A
Take a deep breath
And..

[Chorus]

D **G**
Fuck me in the ass cause I love Jesus

Bm **G** **A**
The good Lord would want it that way

D **E** **G** **E**
Get that sweet sensation an irrational rationalization

G **A**
It s just between you and me

G **A** **E**
Cause everyone knows it s the sex that God can t see

G **A**
Yeah, my chastity belt has locks

G **A** **D**
So sometimes you need to think outside the box
