

**Give In To Me**  
**Garrett Hedlund**

One of my favorite songs right now... so beautiful!  
These are just the chords, I m working on tabbing it out too :)

The **Asus A** part goes really quickly; you only hold the **Asus** for about 2 counts

```
      A  Asus E  D
e|-0---0---0---2-|
B|-2---3---0---3-|
G|-2---2---1---2-|
D|-2---2---2---0-|
A|-0---0---2---0-|
E|-0---0---0---0-|
```

[GARRETT]

```
A                Asus A
I m gonna wear you down
A                Asus A
I m gonna make you see
E                D                A                Asus A
I m gonna get to you, you re gonna give in to me
A                Asus A
I m gonna start a fire
A                Asus A
You re gonna feel the heat
E                D                A                Asus A
I m gonna burn for you, you re gonna melt for me
```

[BOTH]

```
E                D
Come on, come on
E                D
Into my arms, come on
      A      Asus A
Give in to me
```

[LEIGHTON]

```
A                Asus A
You re gonna take my hand
A                Asus A
Whisper the sweetest words
      E                D                A                Asus A
And if you re ever sad, I ll make you laugh, I ll chase the hurt
```

[BOTH]
