

I Don't Have To Wonder
Garth Brooks

INTRO : D G D G Bm A G A D

D G
Drove to the church

D G
In my suit and tie

D G
But I just couldn't bring myself

A D
To go inside

D G
So I sat alone

A Bm
In my truck across the street

G
Watched that chauffeur smokin' cigarettes

A
By that long white limousine

D G
I could just imagine

A Bm
What was goin' on in there

G
Sunlight streamin' through the stained glass

A
And those flowers in her hair

Bm D A
And in less time that it takes a tear to fall

G D
Those bells rang loud as thunder

G D

As they opened up the doors

G A D

Now I don't have to wonder anymore

D G
Laughin' and a cryin'

D G
Tossin' that bouquet

D G
And when you got in that limo

A D
I drove off the other way

D G
And I still don't know

A Bm
Why things happened like they did

G
But I parked that old pickup

A
On that lonesome river bridge

D G
I took your ring from my pocket

A Bm
And I held it one last time

G
Watched that diamond sparkle

A D G A D G A
I drew back and I let it fly

Bm D A
And in less time that it takes a tear to fall

G D
Oh that old ring went under

G D
And now it's gone for sure

G A Bm
And I don't have to wonder anymore

G D

Well the angels sang like thunder

G **D**

As I felt myself go under

G **A**

Now I don't have to wonder anymore
