

Night Will Only Know
Garth Brooks

Dm

That night will live forever

Dm

Their first time to lie together

A

Dm

They were finally where desire dared them to go

Dm

Both belonging to another

Dm

But longing to be lovers

A

Dm

Promising each other that the night will only know

Parked on some old backstreet

They laid down in the back seat

And fell into the fire down below

But they would pay for their deceiving

For a deadly web was weaving

Why they'd picked that spot that evening

Lord, the night will only know

F

Well within the innuendos

Dm

Just outside the steamy windows

F

A

The night was shattered by a woman's scream

Dm

Motionless and frightened

Dm

The grip of fate had tightened

A

Dm A Dm A

And with trembling hands they wiped away the steam

They saw a woman pleading

Stumbling, begging and retreating

Until she became the victim of her foe

And they watched her fall in silence

To save their own alliance

But the reason for the violence

Just the night will only know

F

And every paper ran the story

Dm

She was stripped of all her glory

F

A

And they told exactly how the woman died

Dm

Abandoned and forsaken

Dm

Too many pills were taken

A

Dm A Dm A

And they ruled the woman s death as suicide

Bound by their behavior

They could have been her savior

Now guilt becomes the endless debt they owe

But another crime was committed

And it s never been admitted

Have the guilty been acquitted

Lord, the night will only know
