

**When There's No One Around**  
**Garth Brooks**

[G]This is a song that nobody [Em]knows  
I couldn't [C]begin to describe how it [A]goes  
But [G]it makes me cry or laugh right out [Em]loud  
It's [C]a song that I sing when there's no one around [G]d

This is the man that nobody sees  
He wears my old clothes and he looks just like me  
Just one of the boys who gets lost in the crowd  
He's the man that I am when there's no one around  
[C]It's four in the morning  
I'm lying in [A]bed  
[C]a tape of my failures  
Playing inside my [A]head  
[C]It's heartaches and hard knocks  
And things I don't [A]know  
[C]I listen and I wonder  
[G]Where will it [D]go

This is a glimpse of the child that's within  
He's so immature but he's still my best friend  
If he could learn how to fly he'd never touch down  
He's the kid that I am when there's no one around  
This is the dance I do every day  
I let my feet go and get carried away  
I let my soul lead and follow the sound  
It's the dance that I do when there's no one around

It's four in the morning  
I'm lying in bed  
A tape of my failures  
Playing inside my head  
It's heartaches and hard knocks  
And things I don't know  
I listen and I wonder  
Where will it go

This is a song that nobody knows  
I still can't begin to describe how it goes  
But it makes me cry or laugh right out loud

It s a song that I sing when there s no one around

It s a song that I sing when there s no one around
