Capo 4

D **D/C#** **Bm** **Bm/A**
I wake up in the morning full of dread
G **G/F#** **Em**
Trying to remember what I said
A
Say that I won't call you and I mean it every time
A **D**
 til I cross that Bourbon Borderline

I wish that I could tell you why I called
Sometimes it's just hard for me that's all
I know that it's over and it's just a waste of time
Until I cross that Bourbon Borderline

Chorus:

G **A**
Memories of you surround me
D **Em** **Em/F#**
And I'm afraid the tears might drown me
G **G/F#** **Em**
Oh, I think I'm doing fine
A **D**
 Til I cross that Bourbon Borderline

It's good that I just do this now and then
You know I'm really not a drinking man
But I can't bear to talk about us any other time
Until I cross that Bourbon Borderline

Chorus

Oh, I think I'm doing fine

Til I cross that Bourbon Borderline
