

Smoke Rings In The Dark
Gary Allan

--Smoke rings in the dark-- Gary Allan

D Bm D Bm

D
I won't make you tell me
Bm
what I've come to understand
Em G6
You're a certain kind of woman
G
I'm a different kind of man

D
I've tried to make you love me
Bm
You've tried to find a spark
Em G6
Of a flame that burned somehow
D A G
turned to the smoke rings in the dark

D Bm

D
The loneliness within me
Bm
takes a heavy toll
Em G6
Cause it burns as slow as whiskey
G
through an empty aching soul

D
And the night is like a dagger
Bm
long and cold and sharp
Em G6
As I sit here on the front steps
D A G
blowing smoke rings in the dark

Bm G D A
I----- know I must be going
Bm G D A
cause lo-----ve s already gone

Em Bm
All I m taking with me
F#m G
are the pieces of my heart
C G D
And all I ll leave are smoke rings in the dark

D Bm

Em G6 G

D
The rain falls where it wants to
Bm
The wind blows where it will
Em G6
Everything on earth goes somewhere
G
But I swear I m standing still

D
So I m not gonna wake you
Bm
I ll go easy on your heart
Em G6
I ll just touch your face and drift away
D A G
like smoke rings in the dark

Bm G D A
I----- know I must be going
Bm G D A
cause lo-----ve s already gone

Em Bm
All I m taking with me
F#m G
are the pieces of my heart
C G D
And all I ll leave are smoke rings in the dark

D Bm D Bm
