Your (G)hair down, aw, and you just might

(Em) I ve never (Bm)seen you look so (C)happy, (Em) never (Bm)looked so good in (C) love

(Chorus)

When I (C)look into your (D)eyes I still get (Em)weak

And when (C)I m this close to (D)you, I just can t (Em) speak (D/F#) (G)

And it s (C)hard to keep my (D)hands to myself, when I (Em)know I could never love anybody else

You re (D/A)all I want, you re all I need, and it s (C)so damn hard to believe

(D) That s you with-(G)out me

That s your (G)third glass of chardonnay and he sure seems to know his way

(Em) In what to do and what to say

Well, it s (C)obvious that you ve moved on, I m still getting past you being gone

(G) And he s going home with you tonight

(Chorus)

When I (C)look into your (D)eyes I still get (Em)weak

And when (C)I m this close to (D)you, I just can t (Em) speak (D/F#) (G)

And it s (C)hard to keep my (D)hands to myself, when I (Em)know I could never love anybody else

You re (D/A)all I want, you re all I need, and it s (C)so damn hard to believe
