What makes your heart ache
C **D** **C**
What makes us thankful for every day
G
It s always the brightest light
C **D**
That takes you home each night

Chorus

C **G** **D**
Open the doors and windows
C **G** **D**
Whole world inside these four walls
C
More than a building
G
Floor to the ceiling
C
A picture of love
D
That s this house

Peaceful, home sweet home

Stuff needs fixing but nothing s broke

Full hearts, passing time

So glad this place is

Yours and mine

What makes you soul warm

What makes us be the people we've become

It's always the brightest light

That takes you home each night

Repeat *Chorus* x2

These walls

Full of heart

Brothers, sisters

Play their part

From innocence to teenage fights

Christenings, weddings

This is life

Repeat *Chorus*

That's this house
