Intro:     **F**               **F**               **F**  
Intro:   **C**(4 count) **F**(2 count) **G**(2 count) {Play 4 times, then stay with **G**}

Verse 1: **G**                               **Am**               **F**               **G**  
          They never tell you Truth is subjective  
                      **Am**                               **F**  
          They only tell you not to lie.  
**G**                               **Am**                               **F**               **G**  
          They never tell you with strength and vulnerability.  
                      **Am**                               **F**  
          They only tell you not to cry.

Chorus 1:  
          **C**   **F**               **G**   **C**  
          But I m living underground.  
          **F**               **G**               **C**  
          Sleeping on the way.  
          **C**                               **F**  
          And fiding something else to say  
          **F**  
          It s like walking on the freeway.
