verse 1:

-----

**D A**

I used to feel the emptiness inside me

**D**

I was not supposed to feel that way

**F#m**

I had everything I needed

**Bm E**

But nothing ever made me

**C#m F#m**

What I longed to be

**Bm**

The wealth, the name

**C#m F#m**

The lights, the fame

**Bm E**

Were everything to me

verse 2:

-----

**D**

And then one night Out of the blue

**A**

I heard His name (Jesus)

**D A**

And so I took that step of faith

**F#m**

And walked into His domain

**Bm E**

I believe that s what He wants

**C#m F#m**

Every heart to do

**Bm C#m**

When hard may seem the task

**F#m Bm E**

One step is all He asks of you

\*-----CHORUS-----\*

**C C7**

Letting go to know the truth

**F G**

Is not so hard to do

**C C7**

It s the heart that s got the will

**F G**

To open up for Him to fill

**C C7**

And trusting and believing Him

**Em Am**

Is all we ve got to do

**F Em**

It s just the heart that s got to move

**Bm Em Am**

For Him to show His love that s been there

**Am7 Dm**

Even when we never cared

**Em Am - Dm**

Take hold of His hand

**G F (F-G)**

Let go and you ll understand

verse 3:

-----

**D**

Why be afraid

**A**

For God knows what you re feeling

**D A**

But even He can t do a thing

**F#m**

If He sees the heart s not willing

**Bm E**

And so we ask what s going on

**C#m F#m**

We want what s right and still do wrong

**Bm C#m**

When hard may seem the task

**F#m Bm E**

One step is all He asks of you

\*-----BRIDGE-----\*

**Bm C#m**

I guess by now you d realize

**F#m**

You can t be on your own

And all your cares

And all your burdens

Should be cast upon His throne

**G**

Letting go, just let go, letting go

Let go and you ll understand

Just let go and you ll understand

note: this is just a rough submission of this  
beautiful song...anyone who wants to improve it  
just do so...thanks...
