

**This Is My Life**  
**Gasolin'**

[Intro]

C - C - C - C

[Verse]

C                    G   Am                    F  
This is my life, this is my time.  
Am                    G                    F   C   C  
Just show me the light and I d go there.  
C                    G   Am                    F  
Give me the wine, bitter and sweet,  
Am                    G                    F   C   C  
and a little bit of bread, that s all I need.

[Chorus]

Am                    E7  
No, I don t want the gold from Xanadu  
F                    C                    Am  
I think I leave it all to you, oh oh oh  
                  G                    F                    C   C  
this is my life and I don t care.

[Verse]

C                    G                    Am                    F  
This is my street, oh oh oh, are you restless feet  
Am                    G                    F                    C - C  
carry me on to anywhere.  
C                    G   Am                    F  
Take the fear, take it away,  
Am                    G                    F                    C   C  
and give me some hope, for one more day.

[Chorus]

Am                    E7  
I saw a ghost behind the door  
                  F                    C                    Am  
when the kids were coming home from the war, oh wow wow  
                  G                    F                    C   C  
with broken dreams and nothing more.
