

**Love Is Free**  
**Gasoline Lollipops**

[Verse 1]

**Bm** **Em**  
When you sent me packing down that Green River Valley,  
**A**  
I knew that if you couldn't then no one would have me.  
**Bm**  
I lost myself drinkin' with those stray dogs in the alleys  
**A** **Bm**  
til the whikey soaked my bones.  
**Bm**  
The night it came on cold,  
**Bm**  
blowing off that muddy river.  
**A**  
I felt so goddamned old  
**A**  
I didn't have the strength to shiver.  
**G**  
The moon was swallowed whole  
**G**  
and when the sky spit back that sliver  
**Bm** **A** **Bm**  
I knew I had to go it alone.

[Chorus]

**D** **A**  
Love is free, so take all you can.  
**Bm** **G**  
Just don't ask me to be the bigger man,  
**D** **A**  
'cause I'm all spent; yeah, you took all I had.  
**G** **Bm**  
But living the good life made me bad.

[Verse 2]

**Bm**  
Go on, chase that girl; go on, get that money.  
**A**  
Go on, break the world; I know you think it's full of honey.  
**G**  
Maybe someday I'll look back and think it's funny  
**Bm** **A** **Bm**  
how you always had to burn it down.  
**Bm**  
But right now in the ashes,

**Bm**  
choking on the smoke,  
**A**  
I find it hard to grasp  
**A**  
this great big cosmic joke.  
**G**  
I m squinting through the tears  
**G**  
and years of lies and hope.  
**Bm** **A** **Bm**  
But I know you ain t comin back around.

[Chorus]

**D** **A**  
Love is free, so take all you can.  
**Bm** **G**  
I won t ask you to be the bigger man,  
**D** **A**  
â€™cause you re all spent; you gave all you had.  
**G** **Bm** **A** **Bm**  
I guess living the good life, brother, made you bad.

[Bridge]

**Em** **Bm**  
Devil below and God above  
**F#** **F#m** **G** **Bm**  
Take all your armies from my blood.  
**Em** **Bm**  
Show me what I m really made of.  
**Em** **G**  
More than fear? More than love?

[Chorus]

**D** **A**  
Oh, and set me free! I ve done all I can.  
**Bm** **G**  
Just don t ask me to be the bigger man,  
**D** **A**  
â€™cause I m all spent; I gave all I could.  
**G** **Bm** **A** **Bm**  
But living the bad life, brother, feels too good.u2028
