

If This Is Love
Gavin Clark

C Am Em F
6am again, love flicks from the shutter to my shade
C G
you won't leave my head though i have begged you many times
F C
I haven't slept for days

C Am Em F
I'd phone in sick again, but i ain't sure my lips can move to speak
C G
If i had my time over then i would play it differently
F C
but regret is for the weak

C Am Em F
If this is love, if this is love, it's crucifying me
C G F C
If this is love, i must be happy

C Am Em F
If this is love, if this is love, it's crucifying me
C G F C
If this is love, i must be happy

C Am Em F
Suck on a low tar light, another 3 minutes of waking sleep
C G
Seems like I've been in this pit a thousand years
F C
But it's only been a week

C Am Em F
I'd smash this place apart, but I ain't got the strength to even stand
C G
This decaying planet here that I'm on
F C
revolves in the palms of your hands

C Am Em F
If this is love, if this is love, it's crucifying me
C G F C
If this is love, i must be happy

C Am Em F
If this is love, if this is love, it's crucifying me
C G F C
If this is love, i must be happy
