Intro: **G9 Am C/G G9 C9-G9** x2

Verse 1:

**G9** **Am**  
Walking around again this long dark road  
**C/G** **G9 C9-G9**  
Clouds are covering up a million stars  
**G9** **Am**  
There s nothing left to tell that s not been told  
**C/G** **G9 C9-G9**  
Solo on this road I thought was ours

**G9** **Am**  
What did we both try? What did we mean?  
**C/G** **G9 (walk F#) Em**  
Did we let old time tear us apart?  
**A**  
Now I m walking right on in between  
**C/G** **D**  
Something like a love and a broken heart

Chorus

**G9** **Am**  
I know, sooner or later  
**C/G** **G9 C9-G9**  
This world will drag you down  
**G9** **Am**  
But I think we could be greater  
**C/G** **G9 C9-G9**  
Than anything that I ve found  
**G9** **Am**  
So try and take this ride with me  
**C/G** **G9(walk F#) Em**  
Even though you say you know we re through  
**A**  
Oh my, sooner or later  
**C/G** **G9 C9-G9**  
Is time better spent with you

Verse 2:

Now come on back to me, I ll show you the way  
Come on back to who I know you were  
Sure those things I said I can t unsay  
And those things I did still somehow hurt

But here and now is all we re living in  
Yes, now with you is what I m hoping on  
Help me end this pain, let s start us again  
I don t know how to go on if you re gone

Chorus:

I know, sooner or later  
This world will drag you down  
But I think we could be greater  
Than anything that I ve found  
So try and take this ride with me  
Even though you say you know we re through  
Oh my, sooner or later

**C/G** **D**  
Is time better spent with you

**G9** **A** **C/G**  
It s time better spent with, time better spent with, time better spent with  
**D**  
you

Oh it s time better spent with you  
It s time better spent with you  
It s time better spent with you  
It s time better spent with you  
It s time better spent with you

**G9** **Am** **C/G** **G9**  
Oh my, sooner or later I want to spend with you
