

Cop Stop

Gavin Degraw

VERSE ONE:

When your feathers are soaked and your eyes are too bloody to see,  
and you pulled every punch that you had but there s one that you need,  
then you ve waited too long, there s a hole in your heart,  
and all you ve become is emotionally overrun.

Wishing wells were made to echo a dime, the consequences are you keep on  
relying, :  
: Refrão  
you ve become a run and hide refugee, baby I m a cop,  
:  
:  
stop, put up your hands and surrender to me.  
:

VERSE TWO:

You re gonna get hooked if there s anything left I can do,  
you ve already disarmed it s your lasting alarm I pursue,  
you can loosen those fists, c mon blow me a kiss,  
you ve been roughed up enough to deserve some relief from your troubles,  
so I m coming in.

REPEAT CHORUS

BRIDGE:

Otherwise, I would never tell you what to do despite,  
any indecision though I know I m right, arguing was always my forte,  
and one thing I can say is I won t tell you lies,  
or treat you like a rental car like other guys,  
and if you think I m crazy find an alibi,

cause you will need some evidence to show.

REPEAT CHORUS

Baby I m a cop, stop, put up your hands and surrender to me
