

**Glass**

**Gavin Degraw**

**Ab**

Fool you made the girl fall in love

**Ab/G**

you said those beautiful things

**F#**

**C#**

she thought you spoke things you mean

**Ab**

Caress her skin like it s glass

**Ab/G**

she hears your voice making plans

**F#**

**C#**

and sees your face in her hands

**C#**

**Eb**

**Fm**

You don t wanna see somebody beg

**Ab**

**C#**

as you feel her heart surrender

**C#/C**

**Bbm**

**C**

you begin to fall

**C#**

**Eb**

**Fm**

How do you say that something s through

**Ab**

**C#**

when it never even started

**C#/C**

**Bbm**

**C#**

at least not for you

**Ab**

You breathe her air and you leave

**Ab/G**

you keep your mind on yourself

**F#**

**C#**

and lie the glass on the shelf

**Ab**

After the heavenly speech

**Ab/G**

your body throws holy heat

**F#**

**C#**

the angels sing when our eyes meet

**C#**

**Eb**

**Fm**

It wasn t a lie but it wasn t true

**Ab**

**C#**

I just wanted to make you feel good

**C#/C**

**Bbm**

**C**

just wanted you near

**C#**

**Eb**

**Fm**

I wasn t prepared I wasn t thinking of you

**Ab** **C#**  
that you could actually love me  
**C#/C** **Bbm** **C#**  
it never should have started

**Ab**  
She s dreaming back on the past  
**Ab/G**  
every opinion agreed

**F#** **C#**  
doesn t know what to believe

**Ab**  
It must have been for a cause  
**Ab/G**

our lives have so many doors  
**F#** **C#**  
don t think about him anymore

**C#** **Eb** **Fm**  
But it was the kiss, it took me away

**Ab** **C#**  
it s like he knew that I am fragile

**C#/C** **Bbm C**  
he handled me like glass

**C#** **Eb** **Fm**  
and it hurts but it s what I deserve

**Ab** **C#**  
because I should have been more careful

**C#/C** **Bbm**  
with the others that I handled

**C**  
I should have been more

**C#** **Eb**  
and knowing this I know

**Fm**  
that he ll get his

**Ab** **C#**  
but I don t want the man to suffer

**C#/C** **Bbm C**  
oh not the way I am

**C#** **Eb** **Fm**  
because deep down I know that he s glass too

**Ab** **C#**  
but it really doesn t matter

**C#/C** **Bbm**  
until it s happening to you

**C#** **Eb** **Ab** **Ab/G** **F#**  
everybody Breaks everybody breaks

**C#** **Ab**  
sometimes
