

**I Have You To Thank**  
**Gavin Degraw**

**D** **Bm** **G**  
Whenever I see you I need more  
**A** **D**  
And I want you to stay til the end  
**Bm** **G**  
One look at that smile and I m all yours  
**A**  
Will you just smile at me again

**D** **Dmaj7/C#** **Em**  
I have you to thank for making me so  
**Bm** **G** **A**  
So hard to please because you treated me so  
**D** **Dmaj7/C#** **Bm**  
Good that no one else could hold your make-up  
**E7** **G** **A**

The difference I m feeling in my heart  
Is the difference of loving or not  
And under the stars and moon and sun  
Is the perfect becoming of one

**A** **Bm**  
If I told you that I loved like an ace  
**D** **Em**  
Then I d be lying cause I ve made some mistakes  
**G** **A**  
But I m trying with perfect faith  
**Em** **G** **D**  
When I let you in, I began to win  
**Dmaj7/C#** **Bm**  
And now I m just all gold  
**Em** **G**  
After all I ve done, and the road I ve run  
**A**  
I want to thank you, I want to thank you

**D** **E7** **G**  
All I can do when I think about it is thank you baby  
**A**  
Thank you baby  
**D** **E7** **G**  
All I do when I think about it is thank you baby

**A**

I just want to thank you baby

**D**

I just want to thank you
