

Let It Go

Gavin Degraw

G

I can't live without you

F#

Set my goals around you

EM

Takes a little extra time

C

But it all works out

G

You're a shining ember

F#

I'll be shining armor

EM

Just look up into my eyes

C

I won't let you down

D C

And I'll always be here

D C

Yes, I'll always be here

[Chorus]

G

Let it go

EM

Settle into me

C

Let it go

G D

Let it all go

G

Except for me

EM

I'm the one you found

C

Just hold on

G D

Hold onto me now

Why don't we play hooky?

We could both get lucky
Better to get lucky than to go to work today

We don't have to shower
You won't wait in traffic
Take our daily panic and we'll put it all away

And we'll always be near
We should always be near

[Chorus]

Don't you know you're the one for me
After all, anyone can see
