Relative
Gavin Degraw
Intro: E D9 A E
Verse 1
A flash light isn't quite sunlight,
But any light at all seems bright when you're looking in the dark
A wet dream isn't the real thing
It isn't really anything, but at least it makes a spark
Pre chorus:
       Α
All is relative
       Α
Everything is relative
Chorus:
It's all about the way we receive it
How much we believe it
Depending on the life you lead if you lead it
Compared to yourself
Compared to someone else
You care and if you pick
The threads in your closet
The cash in your wallet
The color of the skin in your blood and how you got it
Compared to yourself and someone else, you care
Everything is relative
