

**Spell It Out**  
**Gavin Degraw**

Hey all! This is my first official submission for ultimate-guitar.com! I have visited it a lot and I wanted to do something for the others this time. As Gavin Degraw's new album *Sweeter* (2011) just released, this song wasn't tabbed yet, so I took some time to write it out for all of you. It's an awesome song, so let's keep supporting him! Have fun. Matt

**Eb** **Fm7** **Db**  
**Ab**  
With my eyes wide open and with words unspoken, I still understand  
**Eb** **Fm7** **Db**  
**Ab**  
And I'm reading your mind, using every outline, you're drawing in my hand

**Eb** **Fm7** **Db9**  
Oohh, feel your fingers  
**Eb** **Fm7** **Db9** **Eb**  
Oohh, I'm in way too deep  
**F** **Am7**  
To wake up, step out  
**Cm(7)** **Bb**  
Cause I'm really getting used to being in this dream  
**Bb** **F** **Am7**  
You know what I mean I, can't find  
**Cm7** **Bb**  
Any reason I would ever wanna turn back now  
**Bb** **F** **F/E**  
Once you spelled it out

**Eb** **Fm7**  
**Db** **Ab**  
Ooh, when I first met you, there were things I'd been through, that I would never tell  
**Eb** **Fm7** **Db**  
**Ab**  
But it was almost as if, you already knew my language, cause you'd been there yourself

**Eb** **Fm** **Db**  
Oohh, I'm still falling  
**Eb** **Fm** **Db** **Eb**  
Oohh, don't make me return

**F** **Am7**  
And wake up, step out  
**Cm(7)** **Bb**  
Cause I m really getting used to being in this dream

**Bb** **F** **Am7**  
You know what I mean I, can t find  
**Cm7** **Bb**  
Any reason I would ever wanna turn back now  
**Bb** **F**  
Once you spelled it out

**F** **Am7** **Cm(7)**  
**Bb**  
I know it s not an accident, I can feel it crashing in and I m not pushing back  
**F** **Am7** **Cm(7)**  
Come on, we can leave the world behind, close the curtains, shut out the light  
**Bb**  
Just state the good, don t let me go, don t tell me I should

**F** **Am7**  
Wake up, step out  
**Cm(7)** **Bb**  
Cause I m really getting used to being in this dream  
**Bb** **F** **Am7**  
You know what I mean I, can t find  
**Cm(7)** **Bb**  
Any reason I would ever wanna turn back now  
**Bb** **F**  
Once you spelled it out
