

Stealing

Gavin Degraw

G

You might really be

D

The very best woman to ever suit me

A

But I cant expect you to see how I see

C

Cause sometimes I dont see a thing

D

G

But personal pressure is making me guess

D

My times running out as were both getting dressed

A

I dont know whos body Id rather feel pressed

C

But I cannot arrest on my thoughts

Chorus:

A

Cause we had a good time

D

Then it was sorrow

G

I call it stealing

C

You call it borrow

A

So I want my heart back

D

If youre not gonna keep it

G

If youve got no uses

C

Then Im gonna need it

A

And someone else

D

C

Is gonna need it too

G

While some of its here

D

Im wondering where did the rest disappear

A

The parts that I thought were the best are unclear

C

Or hiding there under your doubt

D

G

So maybe well call this a hard lesson learned

D

But youre holding something that Ill need returned

If you need some time

A

Ive still got some to burn

C

But burning is just running thin

Chorus:

A

Cause we had a good time

D

Then it was sorrow

G

I call it stealing

C

You call it borrow

A

So I want my heart back

D

If youre not gonna keep it

G

If youâ€™ve got no uses

C

Then Im gonna need it

A

And someone else

D

C

Is gonna need it too

A

D

What would the point be

G

C

If we let this thing drag out

A

D

Failing to accept

G

C

These impressions passed around

A

Oh, you and I

D

Its been a wild ride

G

C

And I wouldnt change at all

A

C

But Im gonna let you

Chorus:

A

Cause we had a good time

D

Then it was sorrow

G

I call it stealing

C

You call it borrow

A

So I want my heart back

D

If youre not gonna keep it

G

If youve got no uses

C

Then Im gonna need it

A

And someone else

D

G

Is gonna need it too
