```
Or hiding there under your doubt
So maybe well call this a hard lesson learned
But youre holding something that Ill need returned
If you need some time
Ive still got some to burn
But burning is just running thin
Chorus:
Cause we had a good time
Then it was sorrow
I call it stealing
You call it borrow
So I want my heart back
If youre not gonna keep it
If you've got no uses
Then Im gonna need it
And someone else
Is gonna need it too
What would the point be
If we let this thing drag out
Failing to accept
These impressions passed around
Oh, you and I
Its been a wild ride
And I wouldnt change at all
But Im gonna let you
```
