

You Know Where Im At
Gavin Degraw

Not a very popular song by Gavin but a great one!! No one had it tabbed so I thought I d take a stab at it. This is my first tab but it sounds 100% accurate to me!

Enjoy!

C **F**
Well, before you go away
Am **F**
I m gonna give you all that I can say
C **F**
The truth is harder to amuse
Am
But when you know it s wrong
F
You got to cut it loose

G **Am**
Oh, it s better up ahead
F
The worst is over now
C
Remember what I said
G **Am**
Live, you don t have to look back
F
But if you ever do,
C
You know where I m at

C **F**
The thought of you to disappear
Am **F**
Shutting the door and walking out of here
C **F**
To know there s something you must find
Am **F**
That I never had, believe me that I tried

(Chorus)

Dm **Am**

Calm down

G

I do declare a conversation

Dm Am

We tried

G

And put it on the line

G

Sometimes

G

Dm

The feeling can survive

(Chorus)

C

Oh if you ever do,

Fm

If you ever do

C

You know where I ll be at
