

Put You Back Together

Gavin James

[Verse 1]

G **C** **G**
I slept off, baby I didn't know enough
C **Em** **C**
Some things are better left unsaid, but I've not said enough
Am G C G
All I know is we shouldn't let this go
C **Em** **C**
We'll be forever tripping over every thing we've got
Em Am G
But I want you and I want you to know

[Chorus]

C **Em**
If this house burns to the ground into ashes
C G
We will hold it together
C D
We will hold it together
G C **Em**
If this world starts to break your heart into pieces
Am G C
I will make you feel better and try to put you back together
Em G C G C Em C
Oh

[Verse 2]

C **G** **C** **G**
It's always on the table, so tell me if you're able
C **Am** **Em** **C**
To see me like I see you every time you wake up
Em D G
Well this is the bed we made
C G
I know it's a little strange
C **Em**
To give me all your aches and pains
C
And I'll do the same

[Chorus]

C **Em**
If this house burns to the ground into ashes
C G

We will hold it together

C D

We will hold it together

G C Em

If this world starts to break your heart into pieces

Am G C

I will make you feel better and try to put you back together

Oh

[Bridge]

Am G C

I, I, I wonder

Em

If you're walking down all the same lanes

C Am

I know it's not the easy way to go

G C G

But I know

C G

Stay

[Chorus]

C Em

And if this house burns to the ground into ashes

D/F# G

We will hold it together

A

We will hold it together

G C/G Em

And if this world starts to break your heart into pieces

Am G/B C

I will make you feel better and try to put you back together

G/B A

I'll try to put you back together

G/B C

Try to put you back together

[Outro]
