

Faded High

This is the tab for the live video on Youtube (<http://www.youtube.com/watch?v=JjJbOn2JJ2s>), not the actual song- which I find really hard to tab for some reason. This seems to fit ok with the live video, however, the bridge I struggled with so please feel free to correct if you have found a more fitting chord progression.

Instead of putting chord changes above the words (which I usually do) Iâ€™ve just put the general rhythm. Each line (|) represents 4 counts.

F#m | F#m | A | E (Keep repeating this for a long time)

I keep my wings strapped back
I keep my heart in a jar
You ain t ready for me
You say you ll keep your catch
Your fingers crossed in the dark
You re all just touch and go
I want you
Your traps they close too slow

I want your body on me

You can t have me
None of your shit from the bar
Nobody wants that package please
that adage still rings true
Take a look, take a good long look,
by the book, is the hook that I just gone took

You re breaking every rule I made,
I only play by the book
Yah, I only play by the book
You won t be ready for me
You ain t ready for me

How could I ever leave you behind?
Stay with me

F#m | F#m | A | A | F#m | E | F#m

Love me, Love me, Love me, Love me, Love me
I need, I need, I need, I need your love

F | F | C | C | E | E | F | F | Dm | Dm | Am | Am | F | F | E
Don t be the rich one, see all the warnings, son

the rule is the feel, the morning comes
see giant clocks of mercury
pouring from their eyes
give back both your times---trust it.
occupied love falls between the lines
faded high

F#m | F#m | A | A | F#m | E | F#m

Love me, Love me, Love me, Love me, Love me

I need, I need, I need, I need your love

Faded is this high
